WHAT MAKES IT DIFFERENT

Built Different. Built Better.

A standard tin shed is just storage. The Dead Dingo donga is a space you'll actually want to spend time in.

Year-Round Comfort

Insulated walls, roof and floor panels work together to keep your donga cool in summer and warm in winter — no matter what the climate throws at it.

Full Floor — No Concrete

The integrated insulated floor panel means you don't need a concrete slab or special footings. A level surface is all that's required to get started.

NSW Exempt Development

In New South Wales, this shed qualifies as Exempt Development — meaning no council application, no waiting, no extra cost. Just order and assemble.

Pest & Moisture Resistant

Sealed panel construction leaves no gaps for termites or rodents and blocks moisture ingress — keeping your tools, gear, and projects in great condition.

SIMPLE PROCESS

How It Works

From your order to your finished donga — here's what to expect.

Order Online

Place your order securely via Afterpay, PayPal, or BPAY. We'll confirm your order and freight details within 1 business day.

We Ship It to You

Your kit ships ex-Sydney or Brisbane as two bundles (~1,120 kg). Metro areas receive Hiab delivery. Regional customers collect from the nearest freight depot.

Assemble & Enjoy

Panel-by-panel DIY assembly with detailed instructions included. Most customers are done in a weekend — no special tools or trades required.

DELIVERY INFORMATION

Shipping & Delivery

All prices are ex-factory from our Sydney or Brisbane facility. Freight is arranged separately based on your location.

Sydney & Brisbane Metro

Hiab crane-truck delivery direct to your site. Pricing is based on access availability — flat, clear truck access is required. Contact us to confirm your delivery costs.

Regional Australia

We ship your kit to the nearest commercial freight depot to your location. You arrange collection from the depot, or organise a local carrier for the final leg.

Pickup Available

Collect your kit directly from our Sydney or Brisbane facility. A flatbed truck or car trailer is required — components reach up to 5.8 m in length. Standard utes are not suitable.

Important: Late Payment

We operate manufacture-to-dispatch. Delays caused by late final payment incur a **\$10/day storage fee** until the balance is cleared and your kit is released.

For full details read our [Shipping & Delivery Policy](#).

PEACE OF MIND

Warranty

Every Dead Dingo donga comes with a **5-year standard structural warranty** against defects in materials and workmanship under normal domestic use.

Register your proof of purchase online at [www.deaddingodongas.com.au](#) within 30 days of purchase to upgrade to a **20-year extended structural warranty** — at no extra cost.

Our goods also come with guarantees that cannot be excluded under the **Australian Consumer Law**.

WHO WE ARE

100% Australian Owned & Operated

We started Dead Dingo Dongas because we were sick of watching Australians settle for cheap imported sheds that become ovens in summer and sweat with condensation in winter. You deserve better — so we built better.

Every donga is manufactured in Australia using quality materials designed for our climate. We sell direct so you get a fair price, and the kit is designed to be assembled by anyone with a bit of nous and a free weekend.

Questions before you order? Send us an email at [dddongas@gmail.com](#) — you'll talk to the person who actually knows the product.

REVIEWS

What Our Customers Say

★★★★★

“Had my kit delivered to the depot 40 minutes from home, hired a flatbed to pick it up, and had the whole thing assembled over a long weekend. Instructions are spot on.”

Steve R.

Penrith, NSW

★★★★★

“Used it as a painting studio. The insulation keeps the temperature stable — no warped canvases from humidity. Best thing I've bought for the backyard.”

Karen M.

Ballarat, VIC

★★★★★

“Ordered on a Tuesday, got my freight booking within a day, kit arrived at the depot Friday. Whole process was easy. The quality is excellent for the price.”

Dave T.

Toowoomba, QLD
